

Technical Data Sheet

MP HGA-5.0 Fountain Solution

Description

This product is designed for use in sheet fed printing presses utilizing No Process of Develop on Press (DOP) plates. It has a higher pH that is required for these types of plates. You can expect fast start ups and restarts, excellent plate protection, removal of any tinting or toning problems, and reduction of water speeds and ink densities.

Dosing

Use 4-6 ounces of Fountain Solution per gallon of water.

Benefits

Works with all Printing Plates

Works well with UV Inks

Can be used with Hard or Untreated Water

Alcohol Free

Highly Concentrated/Low Cost per Working Gallon

Will not cause pitting or damage to cylinders.

Creates Vibrant Colors

Available in gallons, 5-gallons, 55-gallon drums and 275-gallon totes
