

Technical Data Sheet

Avid Plate Cleaner

Description

This powerful yet low-VOC California Compliant plate cleaner is designed to work with all printing plates. It performs especially well with negative working CtP and DOP Develop on Press plates.

Directions

Always wear protective eyewear and gloves when handling chemicals.

Use full strength. Apply with a lint free rag, cloth or sponge and wipe plate in desired areas.

May also be used on the fly.

Benefits

Removes ink and surface scratches from all aluminum lithographic plates.

Reconditions plate surface.

Will not attack image.

Low Voc and made from alternative solvents and vegetable bases.

Can be used on the fly.

Revitalizes previously stored plates.
